Board of Education Executive Summary

Legal. (45.1.D)2

I. Overview/History of Department or Program

Currently, the Sacramento City Unified School District does not have a Board Policy concerning maintaining appropriate adult-student interactions. By adopting such policy, the District will provide guidelines for adults (including employees, independent contractors, and volunteers) whom students may interact with at school or in school-related activities.

with students both within and outside the educational setting. Such unlawful or inappropriate interactions with students and shall avoid behaviors that undermine trust in the adult-student relationship and impropriety.

Specifically, this policy lists a number of inappropriate behaviors, including:

- Personally contacting a student without any legitimate educational purpose, by letter, electronic communications, or other means, without the prior written consent of the parent/guardian or the principal
- Creating or participating in social networking sites for communication other than those created by the district, without the prior written consent of the principal or designee
- Inviting or accepting requests from students, or former students, to connect on personal social networking sites (e.g., "friending" on Facebook or social media), unless the site is dedicated to school business
- Addressing a student in an overly familiar manner that would make the student feel uncomfortable and/or that would not be welcomed by the student

This proposed policy is based off the model provided by the CSBA and is provided by District administrators. It aligns with the District's commitment to a positive and safe school environment that protects the well-being of students.
