of 47 ASES programs (K-8), 27 21st Century Community Learning Centers programs (K-8), 11 before school programs (K-8) and 8 21st Century ASSETs programs (9-12).

The SCUSD Expanded Learning Programs involve collaboration among parents, youth, representatives from schools and governmental agencies, individuals from community-based organizations and the private sector. Programs are created through partnerships between schools and local community resources to provide students with safe, constructive opportunities for academic support and enrichment activities.

The SCUSD Expanded Learning Programming includes but not limited to:

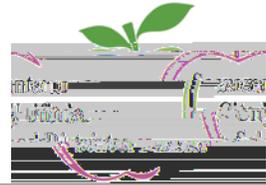

- Linkages between school-day and after-school content, curriculum, and personnel
- High academic standards; college and career connections; linked learning
- Education activities and academic enrichment learning programs, including providing additional assistance to students to allow the students to improve their academic achievement
- Mathematics and science education activities (STEM)
- Arts and music education activities
- Service Learning and community change activities
- Tutoring services
- Programs that provide after-school activities for limited English proficient students that emphasize language skills and academic achievement
- Attention to safety, health, physical activity and good nutrition; wellness
- Telecommunications and technology education programs
- Programs that promote parental engagement and family literacy
- Programs that provide assistance to students who may be truant or highly at-

### VI. RESULTS

See attached

SCUSD serves 9235 students daily –

Elementary - 5753

Middle - 928

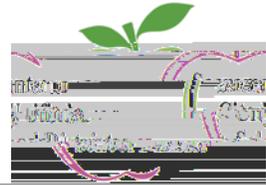

High – 2554

- Before School programs - 553
- In addition, SCUSD enrolled approximately **3365** students during Summer 2016;
- Youth Development Expanded Learning programs served student populations very close to the ethnic breakdown of our school district. In fact, students of color are a higher proportion of those served; something that is an important part of creating equity. Populations currently served are as follows:
  - Asian 19%
  - Black 20%
  - Latinx 42%
  - White 9%
  - Two or more races 7%
  - Other 3%
  - English Language Learners 23%
  - Socio-Economically Disadvantaged 81%
  - Special Ed Students 12.8%
- In alignment with the California Department of Education After School Division's shift from a compliance only approach, Expanded Learning programs incorporate a comprehensive quality assurance strategy to ensure high quality programming. This strategy includes: hiring of quality staff, intentional professional development of staff, frequent site observations with written feedback and on site coaching;
- Primary program strengths, as identified through the department's quality assurance and assessment tool are: (1) youth are highly engaged in the program and develop an increased connectedness to school; and (2) participating students increased their community awareness and understanding of to5amlo apleased

## Youth Development Support Services

Agenda Title: Expanded Learning Funding Update  
Date of Board Meeting: May 4<sup>th</sup>, 2017

Internal partnerships are essential to our success, including partnerships with the Academic Office; Student Multilingual Literacy department; Special Education; Behavior & Hearing Office; Attendance & Drop Out Prevention; Health and Student Support Services; Nutrition Services & Transportation Department;

External partnerships are critical to the YDSS model. Even at our current rate of funding, existing funds do not provide the resources needed to deliver at the desired high quality while continuing in increase in student number. SCUSD Expanded learning partner agencies contribute extensive additional resources and staff time toward our programming. Without those contributions, we would not be the successful and evolving programming we are; Youth Development incorporates Whole Child, Whole Day, and Whole Year model. With a deepened focus on Social Emotional Learning, Social Justice Youth Development and Common Core, Expanded Learning programs are spaces where students can receive academic interventions, have opportunities to enhance leadership skills, develop youth voice and continue service learning projects;

### Next steps:

- Work with CDE to increase likelihood of funding future 21<sup>st</sup> Century grants;
- Continue to seek outside funding for YDSS programming;
- Work with Board and District to identify funds to address funding deficit.
