

Sacramento City Unified School District
Board of Education Special Meeting

Comment: Good morning board and labor representatives. We cannot delay getting the kids back into a regularly scheduled classroom. The CDC is satisfied with our safety measures and most of us understand how to make a personal cost vs. benefit analysis for ourselves and our families. All the arguments about everything else must take a step back until after our kids are actually receiving the services promised by the district, that takes our taxes in either case. Stop the learning losses now and let's get back to class. Thank you for your time.
