The Equity, Access, and Social Justice Guiding Principle states "all students are given an equal opportunity to graduate with the greatest number of postsecondary choices from the widest array of options." This guiding principle demands that data be used to parently assess students by name, by need, and by inequities, and it serves as the moral call to action to build on the district's foundation while striving for continuous improvement.

The authority given to districts for local decision making **thyto** the LCAP also requires accountability and transparency. The LCAP desc**iritoes** ased and improved services for the following student groups through use of supplemental and concentration grant funds:

- x Studentseligible for freeand reduced price meals program

Student outcomes in the LCAP are measured through state metrics aligned with the eight state priorities, and reported through the California School Dashboard (Dashboard). In 2019-20, additional local metrics from the district's Performance and Targeted Action Index are included in the LCAP.
