Revision to Board Policy (BP) 6163.4: Student Use of Technology

August 11, 2022

I. Overview/History of Department or Program

Technological resources should be used in a safe and responsible manner in support of the instructional program and for the advancement of student learning. Further, technological resources enhance employee performance by offering effective tools to assist in providing a quality instructional program; facilitating communications with parents/guardians, students, and the community; supporting district and school operations; and improving access to an exchange of information.

Board Policy 6163.4 was last revised in 2018. The proposed revisions to the policy is based on the updates provided by the California School Boards Association (CSBA).

The revised board policy include provisions defining technology and notifying students of the District's monitoring the usage of such technology.

II. Driving Governance:

California Education Code section 51006 provides in relevant part that "[t]he Legislature finds that the increasing integration of computers and computer technology into our economy has profound implications for our society, and equally important implications for state educational policy."

California's Penal Code sections 502, 632, and 653.2 pertains to computer crimes, eavesdropping on or recording confidential communications, and electronic communication devices.

III. Budget:

The proposed policy is intended to address District students' use of technology. There is no direct budget impact from the revisions to this policy.

IV. Goals, Objectives and Measures:

Pursuant to the District's LCAP Goals, this Board Policy meets "Operational Excellence." The goal is to ensure that District technology is used in a safe and responsible manner for the advances of student learning and supporting District and school operations.

Revision to Board Policy (BP) 6163.4: Student Use of Technology
August 11, 2022

VII. Lessons Learned/Next Steps:

Adoption of revised Board Policy concerning student use of technology. Information and correspondences concerning this matter have previously been shared with the District. Further updates will be provided as necessary.

Policy 6163.4: Student Use Of Technology

Status: ADOPTED

Original Adopted Date: 07/01/2007 | **Last Revised Date:** 07/01/2015 | **Last Reviewed Date:** 07/01/2015

~~The Governing Board recognizes that information technology tools and content support and advance the district's~~

District technology includes, but is not limited to, computers, the district's computer network including servers and wireless computer networking technology (Wi-Fi), the Internet, email, cloud based resources (e.g. Google Classroom), USB drives, wireless access points (routers), Chromebooks, tablet computers, smartphones and smart devices, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or off site or through district-owned or personally owned equipment or devices.

Before a student is authorized to use district technology, the student and his/her parent/guardian shall sign and return the Acceptable Use Agreement. Annually, the student and their parent/guardian shall read and sign the Student Acceptable Use Agreement.

In that agreement, the parent/guardian shall agree not to hold the district or any district staff responsible for the failure of any technology protection measures or user mistakes or negligence and shall agree to indemnify and hold
