In 1992, SCUSD received Healthy Start funding for Student Support Centers to improve student success by coordinating:

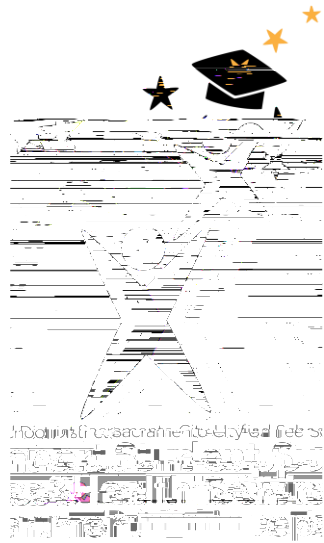

Health & Mental Health

Family Services

Youth Activities & Enrichment

Now 30 years later, SCUSD has funding to help Student Support Centers do even more...and give everyone a voice in the plan. A Community Schools grant will allow Student Support Centers to coordinate resources to:

Build on Existing Health & Mental Health Supports

Boost Family and Community Engagement

Expand Youth Activities, Enrichment & Learning Time

Continue & Strengthen Collaborative Leadership & Practice

What do you like most about your school /community?
What do you think would help students learn and succeed?
