

*The mission of the Met Sacramento High School is to educate all students, including those who may have not succeeded in more traditional educational settings. We graduate students who are self-directed, independent learners who have critical thinking skills and core knowledge that will allow them to be successful in college as well as in life. Our graduates are unique and create individuals who will be able to rise above adversity in the adult world.*

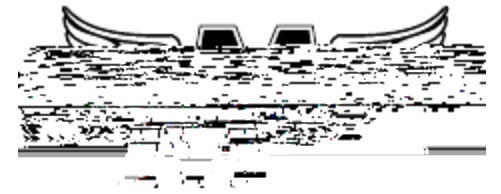

*To provide an innovative, academically rigorous, project based education that connects students to community based internships while being part of a safe and inclusive educational setting.*

*Steadily rising*

*How we stack up...*
